Minutes of the Casitas Municipal Water District
Board Meeting held via teleconference on
October 14, 2020

1. CALL TO ORDER

President Baggerly called the meeting to order at 3:00 p.m.

2. ROLL CALL

Directors Kaiser, Spandrio, Brennan and Baggerly are present. Also present are GM Flood, AGM Dyer, EA Vieira and Counsel Mathews.

President Baggerly announced that Casitas lost a great friend and prior lifelong employee of Casitas MWD, Jackie Springer. Jackie spent most of his life working on the dam and when it was built he transferred to Ventura River Municipal Water District which came to be Casitas. He worked for us for 35 years. You are going to be missed, I would like to adjourn today in memory of Jackie Marion Springer.

3. AGENDA CONFIRMATION

No Changes

4. PUBLIC COMMENTS - Presentation on District related items that are not on the agenda - three minute limit.

None

5. CONSENT AGENDA

5.a. Recommend approval of the Accounts Payable Report for the period of 9/10/20 - 9/30/20.

The consent agenda was offered by Director Brennan, seconded by Director Kaiser and approved by the following roll call vote:

AYES:	Directors:	Kaiser, Spandrio, Brennan, Baggerly
NOES:	Directors:	None
ABSENT:	Directors:	None

6. ACTION ITEMS

- 6.a. Update, Review and Discussion of the State of California State Water Project Delta Conveyance Project/Delta Conveyance Facility Project Agreement in Principle and Planning Study Funding Agreement.

Recommendation: Motion to Approve Opt-In 100% Plus Option.

[Board Memo on State Water Project DCF AIP 101420.pdf](#)
[141_Final AIP clean v3 DCF.pdf](#)

GM Flood explained that this is the next iteration of the Delta Conveyance Project which is now a single tunnel with two intakes on the Sacramento River. This is designed to backstop future and current issues with the State Water Project. It will allow water supply to go under the Delta. We have been working on the AIP with State Water Contractors for about 18 months and came to agreement in April. The next step is a DWR Planning study over the next four years at an estimated cost of \$385 million dollars.

Looking at where we are with the project and looking to see if the Board is interested in moving forward with our cost share portion of the \$385 million. Three options are on the table. They are listed on page two of the memo, you can Opt-Out, Opt-In at 100% or Opt-In 100% Plus. GM Flood explained other factors in the AIP and the Board discussion the options.

On the motion of Director Brennan, seconded by Director Kaiser the board approved participation at the Opt-In 100% Plus option dependent on what our partners will be doing. This was approved by the following roll call vote:

AYES:	Directors:	Kaiser, Spandrio, Brennan, Baggerly
NOES:	Directors:	None
ABSENT:	Directors:	None

- 6.b. Adopt a Resolution instructing the Ventura County Watershed Protection District to execute the Department of Water Resources Funding Agreement for Preliminary Planning and Design costs related to a potential Delta Conveyance Project (DCP) on behalf of Casitas Municipal Water District.

Recommendation: Adopt Resolution.

[Board Memo and Resolution on DWR DCP Funding Agreement 101420.pdf](#)
[Funding Agreement for Contractors in Group A Draft Final-c1.pdf](#)

The Resolution was offered by Director Kaiser, seconded by Director Brennan and adopted by the following roll call vote:

AYES:	Directors:	Kaiser, Spandrio, Brennan, Baggerly
NOES:	Directors:	None
ABSENT:	Directors:	None

Resolution is numbered 2020-28

- 6.c. Adopt a Resolution for California Department of Boating and Waterways

7. DISCUSSION ITEMS/PRESENTATIONS

- 7.a. Discussion regarding potential funding of customer plumbing improvements related to West Ojai Pipeline Replacement, Specification No. 19-408: Meter Relocations. Recommendation: Direction to Staff.
[BoardMemo_MeterRelocations_Spec 19-408.pdf](#)

GM Flood and EA Aranda discussed the need for pipeline replacement and possible meter relocations to eliminate the need to go on private property where the easement and meters are now located. This would move the point of service from their backyard to the right of way in front of the property. We need to talk about the need to do that and at the same time how the costs would be handled. The property owners have been contacted and a few are on this call. The board discussed the various options and expressed concerns regarding insufficient fire flow needs in the current four inch line which is past its useful life and cost comparisons of replacement in the easement versus relocation of the meters and who is responsible for those costs. Staff will continue their analysis and provide pros and cons of using the existing easement or relocating the meters.

Sally Simpson, residing at 114 Cuyama spoke for the neighbors and they were surprised to receive a letter regarding moving the line and having to figure out how to get that done. No one considers it a homeowner improvement and moving the line may not be as simple as you mentioned. There are a lot of challenges for us to reroute this. A few neighbors have had plumbers and two different costs. One verbal quote was for about \$3,000 and two days' work if there was not a lot of rock. Another neighbor received a bid in writing of \$13,500. Another one with the biggest parcel pointed out that a year back a gas line was replaced and it was \$31,000 and took weeks to dig from the house to the street. We understand you want to remove it from private property. The maintenance project has caused a lot of stress for the neighbors. Ante up for the costs. The most important concern is cost and inconvenience. We would like to have enough water. We hope for a fair resolution as none of us want a legal battle. We are happy to have you come and walk the property so you know the obstacles.

Resident at 118 Cuyama agreed that safety and personal property comes first. She

expressed being worried about cost since she does not have a job anymore. I hope you will fix this for us and thanks Angelo for walking around and getting a better feel for what things look like.

Steve Simpson mentioned in your drawing set Pdf page 4 drawing 7 of 25 has meter for 118 Cuyama in one location and in a different location in Pdf sheet 8.

President Baggerly explained there is no action to be taken today as this is for discussion only. We have heard your concerns and it will be brought back for more discussion.

- 7.b. Review and discussion of a proposed parcel annexation to the Casitas Municipal Water District's Community Facilities District 2013-1 (CFD 2013-1), 1010 El Toro Rd., Assessor's Parcel No. (APN) 019-0-062-180.
Recommendation: Direction to Staff.
[BoardMemo_1010 El Toro Rd_APN 019-0-062-180.pdf](#)

The board discussion the possibility of annexation into the CFD 2013-1 Ojai Water System and that there were no provisions in the formation of the CFD to allow for future annexation into the system. Annexation would require going through the process with a single parcel that we did to set up the CFD. There are legal requirements and we would need to work with our consultants at Taussig and get some cost estimates and bring to the board to vote on. This is a parcel that does not receive service from the CFD and is not paying taxes. If they want service from the system they annex in and come to parity and continue to pay into it on yearly tax roll. This is looking for service to the house which has a well on site but is looking to get service to the house. Counsel and staff will work on this issue and bring back information on consistency in process in the event there are other parcels that may want to join the CFD in the future. GM Flood expects to bring this item back in a month or so with additional information.

9. GENERAL MANAGER COMMENTS

GM Flood mentioned the AWA meeting tomorrow and the presentation by staff on the Comprehensive Water Resources Plan. Additionally we have had a number of contacts for solar and battery backup and we are talking with them regarding performing an audit of our system.

10. BOARD OF DIRECTOR REPORTS ON MEETINGS ATTENDED

Director Brennan attended the Ventura Instream Flow group and the City of Ventura Water Commission. Director Spandrio attended the UVRGA Board Meeting and the Instream Flow meeting that Director Brennan discussed.

11. BOARD OF DIRECTOR COMMENTS PER GOVERNMENT CODE SECTION 54954.2(a).

Director Brennan reported that the prospect for rainfall is not looking good long term and it appears we will have a La Nina.

Director Spandrio asked for guidance and requested the City of Ventura Adjudication Charge to be brought back to the board for review and asked for a reading from counsel on this issue. Mr. Mathews stated it could be placed on an agenda. President Baggerly added to let staff work on it. We received an email from Tony Thatcher and Emily Ayala on how the charge is affecting them. The meter charge is egregious in their mind and we should look at it again. Director Spandrio added a possible presentation by Hildebrand again to that agenda item to see if there are other avenues to pursue. Director Kaiser expressed awareness of unbudgeted costs for further review from the consultant.

President Baggerly moved the meeting to closed session at 4:41 p.m., calling for a brief break and reconvened in closed session at 4:48 p.m.

12. CLOSED SESSION

MEMORANDUM

TO: Board of Directors
From: Michael L. Flood, General Manager
RE: **Proposed Strategic Communications Workplan & Budget Increase**
Date: October 28, 2020

RECOMMENDATION:

The Board of Directors award a contract amendment to Fiona Hutton & Associates in an amount not to exceed \$170,000 for public relations services, and authorize a budget increase of \$52,000 for direct expenses associated with communications materials.

BACKGROUND:

The Board of Directors awarded a contract for public relations consulting services to Fiona Hutton & Associates (FHA) in February 2020 in the amount of \$150,000. The scope of services included messaging related to a possible bond measure as well as development of a strategic communications plan. The contract was later amended to include a public opinion survey in the amount of \$35,000.

DISCUSSION:

FHA has prepared the attached proposed Strategic Communications Workplan intended to support the District's messaging through June 2021. The Workplan provides a monthly calendar of core outreach deliverables and activities designed to support the District's objectives and planning for water security.

The Strategic Communication Workplan was reviewed by the Public Relations Committee on September 17 and October 15, and a Draft Workplan was previously provided to the Board as an informational item on September 23.

Upon the Board's approval, the Workplan would be implemented by staff with the support of FHA. The total FHA consulting costs are estimated at \$170,000, and the total direct expenses associated with communications materials are estimated at \$105,000.

FISCAL IMPACT

Of the \$170,000 for FHA services, it is estimated that \$68,000 would be funded under the Fiscal Year (FY) 20-21 Board-approved budget, and \$102,000 would be funded by reserves.

Of the \$105,000 direct expenses, it is estimated that \$53,000 would be covered under the FY 20-21 Board-approved budget, and \$52,000 would be funded by reserves.

The total unbudgeted expense estimated to come out of reserves is \$154,000.

Attachment: Proposed Strategic Communications Workplan dated October 21, 2020

Casitas Strategic Communications Workplan

October 2020

Situation Analysis

Challenges

- COVID-19 landscape creates an uncertain economic climate and limits/prevents in-person communication.
- Customer satisfaction with Casitas' services undermines need for additional investment in expanded water supply sources.
- High level of water awareness amongst diverse and vocal customers and news media leads to increased scrutiny of decision-making.

Opportunities

- Longer runway to communicate the value of a diversified water supply portfolio.
- Customers view a reliable water supply as a high priority, providing a strong foundation for communicating the impacts of drought and climate change on the local way of life.
- High degree of trust in Casitas MWD as a responsible public agency can be leveraged in communicating Casitas' expert recommendations for future water security.

Our Objectives

Establish the need for greater investment in the region's future water security.

Elevate Casitas as a forward-looking and responsible partner that makes daily life possible for the thousands of people and hundreds of farms and businesses it serves.

Our Strategies

Educate customers on the long-term risks and vulnerabilities of relying on Lake Casitas alone

Promote individual Casitas projects already underway (i.e. pipeline replacements, Robles Forebay restoration, etc.)

Place into context the value of water conservation vs. a more diversified supply portfolio

Communicate the value of a connection to the SWP in securing the region's water future

Tactical Execution – Strategy and Management

Create & Launch Branded Education Campaign

- **Campaign Name & Tagline:** Brainstorm simple, memorable campaign name and tagline centered on protecting Lake Casitas and ensuring long-term water supply reliability
- **Logo:** Develop campaign logo for use across materials and content to support the campaign
- **Mascot:** Create a mascot and costume to use in conjunction with campaign and outreach efforts
- **Message Platform:** Revise and update message platform to serve as the overarching campaign narrative throughout materials
- Prioritize and manage outreach to Casitas customers, local businesses, elected officials, and other stakeholder groups using the foundational and promotional materials
- Leverage natural trigger dates such as key board votes/decisions, Casitas infrastructure projects, grants, water observances, elections, etc. as opportunities to send out press releases, post to social channels, and otherwise externalize the good work of the District
- Assess opportunities to participate in or host virtual workshops, tele-town halls and other events as opportunities to increase communication/transparency with customers

Ongoing Strategy & Management

- Participate in weekly planning calls to prioritize deliverables, plan for key trigger dates and share insights
- Assess opportunities to partner with local businesses to help amplify

Tactical Execution – Content Development

Customer Outreach Materials

- **Casitas Newsletter:** Develop fall 2020 newsletter featuring stories on the Board's decision to delay the bond measure, when to plant, Lake Casitas update, Robles Forebay restoration
- **Bill Inserts/Postcards:** Leverage monthly bill inserts and regular postcards to deliver timely updates:
 - Fire season safety
 - Conservation reminders and tips
 - Drought status/Lake Casitas level updates

Foundational Materials

- **Fact Sheet Library:** Develop library of visually compelling fact sheets and FAQs to support education campaign:
 - Casitas' water supply overview
 - Conservation Cornerstone
 - 2020 projects at-a-glance
 - The future of Lake Casitas
- **Briefing Deck:** Create overview PowerPoint presentation for use in virtual stakeholder briefings
- **Issue Overview FAQ:** Develop in-depth FAQ overviewing the need for water supply diversification

Promotional/Paid Placements

- **Signage:** Develop promotional signage using campaign brand identity to draw attention/raise awareness of the campaign and need for investment in the region's water future:
 - Digital and print signage for local businesses
 - Mainstreet banners
 - Lawn signs
- **Giveaways:** Develop promotional materials for local stores, restaurants and businesses to use/provide to customers:
 - Facemasks
 - Reusable bags
 - Coasters
 - Hand sanitizer
- **Print Ads:** Use monthly OVN ad placements and occasional VC Star placements:
 - Positive story telling
 - Proactive information (local projects, construction impacts, etc.)
 - Amplify board decisions & votes, where appropriate

Tactical Execution – Social & Digital Outreach

Social Media

- **Social Content:** Create social cards and cadenced social media presence using Casitas' Facebook page:
 - "Lake Casitas Meter"
 - "Water Wise Wednesdays"
 - Customer testimonials
 - Feature infrastructure improvements/updates
 - Conservation webpage materials/information
- **Networking:** Post placements to Ojai Community Network Facebook Groups and local NextDoor groups
- **Paid:** Consider boosting followers and visibility through paid placements

Digital Content

- **Dedicated Webpage:** Create dedicated webpage within Casitas' website to house campaign information and materials

- **Whiteboard Video Series:** Develop series of three whiteboard videos to push out through social media, share during events and embed in outreach materials:
 - Why we need more water and where we can get it
 - Lake Casitas levels over time
 - Proposed project overview
- **PSAs:** Develop PSAs highlighting the ongoing need to conserve and other key messages to run at Lake Casitas Movie Nights and pitch to other local channels
- **Other Digital Resources:** Develop branded digital background to be used when participating in virtual hearings, meetings and events. Develop shareable widget/banner linking back to branded campaign webpage that partners and stakeholders can use on their own websites to show their support.

Tactical Execution – Partnerships & Events

- **Partnerships:** Partner with local business who can display in-store signage and use/give away campaign materials
 - Promote native vegetation and sensible irrigation with local nurseries and appropriate businesses
 - Promote any rebate campaigns with appropriate businesses
 - Promote the value of conservation
- **Leverage Community Events:** Setup a booth with campaign materials and giveaways and/or host community events as opportunities to increase communication and transparency with customers:
 - Ojai Day
 - Community lake level readings
 - Sunday farmers markets
 - Ojai Chamber Mixers
 - Boccali's pumpkin patch and haunted hayrides
 - Fall film festival
 - Lake Casitas Recreation Area events (water park, movie nights, etc.)
- **Virtual Townhalls & Workshops:** Explore opportunities to participate in or host virtual “workshops” with HOAs, community groups, schools, orgs and other stakeholder groups
- **Virtual Briefings:** Host one-on-one or small group briefings with targeted stakeholders

Tactical Execution – Earned Media

- **Press Releases:** Issue press releases around key trigger dates:
 - Election results (re-introducing the board)
 - Branded campaign milestones
 - 2021 forecast
 - District project completions/project milestones
 - Official drought monitor updates
 - Lake Casitas lake levels
 - Ventura river watershed litigation milestones
 - CWRP updates/public comment period extension
- **Op-eds:** Place bi-monthly op-eds in OVN and VC Star to elevate Casitas' voice as the trusted experts and forward-looking stewards of the region's limited water resources:
 - Yearend review and looking forward
 - Importance of planning for future water security
 - Conservation vs. Expanded Supply
 - "Pipe UP!": Why an Interconnection is Essential for Our Way of Life

**CASITAS MUNICIPAL WATER DISTRICT
MEMORANDUM**

TO: BOARD OF DIRECTORS
FROM: MICHAEL L. FLOOD, GENERAL MANAGER
SUBJECT: ENGINEERING SERVICES FOR RINCON 2(M) PIPELINE
ALTERNATIVES STUDY AND PRELIMINARY DESIGN
DATE: 10/28/2020

RECOMMENDATION:

Authorize the General Manager to issue a Task Order for professional engineering services to MNS Engineers, Inc. (MNS) for Rincon 2(M) Pipeline Alternative Study and Preliminary Design in an amount not to exceed \$76,147.

BACKGROUND:

Casitas experienced a main break on the 14-inch Rincon 2(M) Main pipeline in May 2019 and June 2020 at Station 38+12. The pipeline crosses numerous canyons and is the supply pipeline for the southwest portion of the District's service area, serving the agricultural and domestic needs of the Rincon, La Conchita, and Solimar Beach communities.

The alternative study will focus on the following canyon crossings as they present the greatest risk of failure for the Rincon 2(M) piping:

- Station 32+34
- Station 38+09
- Station 44+06

The District issued a Request for Proposals (RFP) for the Rincon 2(M) Pipeline Alternatives Study on July 29, 2020. Fourteen firms attended the pre-proposal meeting on August 12, 2020. Four proposals were received on September 10, 2020.

Staff from Engineering and Operations and Maintenance reviewed the four proposals and selected MNS based on the technical approach, firm experience, and related expertise. MNS is well qualified and committed to completing the project in a timely fashion. MNS is one of the District's on-call engineering consultants, so a Task Order will be used to complete the work.

The initial Phase 1 scope includes an assessment of existing facilities. Upon completion of this phase, a determination of improvement needs will be established. Then the alternatives evaluation will be pursued, as well as a subsequent preliminary design report. The District intends to engage MNS for these subsequent phases and will present future scopes of work to the Board for consideration.

FISCAL IMPACT:

The FY 2020-21 Budget includes \$800,000 for Transmission Pipeline Replacement, which will be used to fund this project.

Attachment: Proposal from MNS dated October 19, 2020

Casitas Municipal Water District
Attention: Virgil Clary, Project Manager

Oak View, CA 93022

SUBJECT: Proposal for the Rincon 2(M) Pipeline Alternatives Study and Preliminary Design – Phase One Scope

Dear Virgil:

Thank you for the opportunity to submit this letter documenting scope and fee for the first phase of work for the Rincon 2(M) Pipeline Alternatives Study and Preliminary Design (Project) for the Casitas Municipal Water District (District).

Project Understanding

MNS recently submitted a proposal for the Project, and was selected as the preferred consultant to complete the work. Based on the recommendations of the MNS proposal, the District has elected to move the project forward in a phased manner, allowing scope and fee for future phases to be determined based on the findings of the Phase One scope of work. A proposed scope and fee associated with Phase One of the work is described herein. The limits of Phase One of the work includes the three identified canyon crossings, and the La Conchita Lateral.

Scope of Work

MNS tailored the following scope of work to provide engineering services for the first phase of the Project. This section provides a brief description of tasks and responsibilities as a basis for developing the anticipated level of effort for this project.

Task 1 – Project Management, QA/QC, and Meetings

This task involves internal project management, quality assurance/quality control (QA/QC), meetings, and presentations over the course of the Project.

1.1 Project Management. Project Manager, Nick Panofsky, PE, QSD, will be responsible for the coordination of the internal project team including subconsultants and overall administration of the contract for MNS. He will continuously monitor the project schedule and budget to ensure milestones are met, sufficient time is allotted for quality control reviews, the project budget is maintained, and the final product meets the expectations of the District.

Nick will coordinate with the District's Project Manager to ensure open lines of communication are maintained and District staff are up to date on the status and progress of the Project. Frequent phone calls and email updates will be sent from Nick to the District Project Manager, as well as other forms of communication as appropriate including video conferences to discuss key project issues.

Nick will prepare a monthly invoice with all supporting documentation in a format acceptable to the District, including schedule updates. Invoice amounts will be detailed by the tasks described herein.

1.2 Quality Assurance/Quality Control. MNS considers quality control as the backbone of the services it provides. MNS implements an internal QA/QC system on all projects. Each member of the engineering team is responsible for engaging reviews of their work on a consistent basis and adhering to the procedures and requirements set forth in the MNS QA/QC standards of practice. For each project, MNS designates a QA/QC Manager responsible for performing independent reviews of the project deliverables to ensure compliance with the contract documents. For this project, all submittals will be reviewed by Brian Whitaker, PE, QSD, prior to submittal.

1.3 Meetings. Over the course of the Project, MNS will facilitate and lead meetings to move the Project forward and ensure the District is informed and in concurrence with the progress of the Project. In addition, monthly video conference calls will be held to facilitate communication between MNS, the District, and other parties and project stakeholders involved as appropriate. MNS anticipates the following meetings over the Project duration:

- Project kick-off meeting and site visit with Casitas Staff
- Coordination meetings/conference calls with Casitas staff (up to two)
- Existing Facilities Assessment Memo review meeting

Nick Panofsky, PE, QSP, Project Manager, will attend all meetings and conference calls with additional internal staff as appropriate. Representatives from our subconsultant team will attend meetings as appropriate. For each meeting, MNS will prepare an agenda provided to the District at least three days prior to each meeting. Meeting minutes will be provided in a draft format to the District and other meeting attendees for consensus prior to issuance of final meeting minutes. Meeting minutes will be prepared and distributed within five business days of each meeting. We assume all meetings will take place at the District’s office or by either phone call or video conference. MNS will submit an updated project schedule monthly for the duration of the Project.

Task 2 – Existing Facilities Assessment

This task includes reviewing, evaluating, and documenting available information regarding the existing project site and developing an Existing Facilities Technical Memorandum (TM) to guide the alternative selection and evaluation process.

2.1 Review Existing Documents. MNS will work with District staff to obtain record drawings, lay schedules, original submittal documentation (if available), prior studies, service connections with associated flow/pressure requirements, hydraulic models, other planning documents, known failure history, and other pertinent information to the Project. The results of the document review will be summarized in the TM.

2.2 Condition Assessment. MNS will review the available segment of existing failed pipeline to document the failure mode and assess the condition of the existing piping system. We will develop an estimate of remaining useful life for the segments of piping included in the project study based on book values of expected life expectancy and data collected from the failed pipe segment.

2.3 Existing Facilities Assessment TM. MNS will develop a TM documenting the completed condition assessment, high level mobilization and construction costs, consequences of failure, and a framework for developing and evaluating project alternatives using both qualitative and quantitative methods. The TM will be submitted in draft format for the District’s review and comment. Following receipt of District comments, the TM will be revised to final. The final TM will be stamped and signed by a State of California Registered Professional Civil Engineer.

Deliverables: Draft and Final Existing Facilities Assessment TM

Fees

MNS proposes to perform the services described herein for a fee not to exceed **\$76,147**. The table below shows the summary by task. A detailed fee proposal spreadsheet is attached. All fees are in accordance with the MNS Fee Schedule provided with the full proposal for the Project.

Task	Estimated Fee
1 – Project Management, QA/QC, and Meetings	\$20,172
2 – Existing Facilities Assessment	\$55,975
TOTAL	\$76,147

Closing

Thank you for the opportunity to submit this proposal. We are excited and look forward to working with the District. Please feel free to contact me with any questions you may have about our submittal at 805.722.2734 or npanofsky@mnsengineers.com. Thank you for your consideration.

Sincerely,
MNS Engineers, Inc.

Nick Panofsky, PE
Lead Engineer

**CASITAS MUNICIPAL WATER DISTRICT
MEMORANDUM**

TO: BOARD OF DIRECTORS
FROM: MICHAEL FLOOD, GENERAL MANAGER
SUBJECT: ROBLES FACILITY FISH SCREEN BLAST CLEANING
DATE: 10/28/2020

RECOMMENDATION:

Establish a budget of \$40,000 and authorize the General Manager to sign a contract for Robles Facility Fish Screen Cleaning for Fiscal Year 20-21.

BACKGROUND AND DISCUSSION:

The existing fish screens at the Robles Facility are in need of blast cleaning due to significant calcification and material buildup. Staff regularly pressure wash the screens in preparation for diversions, however this is not effective for the extent and type of material on the screens. Staff is testing different media for blast cleaning to determine the method which is most effective, including glass beads, walnut shells, and garnet. Upon completion of media testing, staff will solicit bids to blast clean all the screens.

Fisheries staff is continuing to work with US Bureau of Reclamation (USBR) to modify the prototype testing plan at Robles for the installation of the horizontal wedgewire screens; it is not known at this time if USBR and/or National Marine Fisheries Service will allow this, and if so, how many screens will be allowed. Staff would like to have all options available to maximize diversions during the upcoming storm season, which includes blast cleaning the existing screens.

BUDGET IMPACT:

The budget for fiscal year 20-21 did not include funding for this project. The budget estimate of \$40,000 is based on previous blast cleaning performed at Robles with an adjustment made in the event a more expensive media is used.

CASITAS MUNICIPAL WATER DISTRICT
Inter-Office Memorandum

DATE: October 23, 2020
TO: Board of Directors
FROM: General Manager, Michael Flood
Re: Renewal of Special Liability Insurance Program

RECOMMENDATION:

It is recommended that the invoice for the renewal of the Special Liability Insurance (SLIP) with Alliant Insurance Services for coverage effective 9/29/20 – 9/29/21 be approved at the renewal rate of \$74,142.30.

BACKGROUND:

The District's insurance broker, Alliant Insurance Services has successfully renewed coverage for the SLIP program with Great American E & S Insurance Company effective September 29, 2020. This renewal is \$4,302.43 lower than the cost for coverage last year.

If the District is interested in securing Terrorism Insurance Coverage, the District may elect to do so with the understanding that the District would receive an invoice for an additional 5% of the annual premium for the SLIP coverage. The Finance Committee requested some additional information on Terrorism Coverage and requested that this be brought to the full Board.

The Terrorism Risk Insurance Act (TRIA) would provide coverage for a terrorist activity which has been deemed by the Secretary of State and the Attorney General of the United States as a certified act of terrorism. There has not been a certified event since 9-11. The deductible under our liability coverage is \$25,000 and coverage would be provided if there is an event that impacted the District and falls under the District's liability coverage if the District was somehow liable for the damages. The Terrorism coverage option can be added to the policy at any time however the premium is not prorated.

Payment of the SLIP premium must be made by October 29, 2020.

POLICYHOLDER DISCLOSURE NOTICE OF TERRORISM INSURANCE COVERAGE

You are hereby notified that under the Terrorism Risk Insurance Act, as amended, you have a right to purchase insurance coverage for losses resulting from acts of terrorism. As defined in Section 102(1) of the Act: The term “act of terrorism” means any act or acts that are certified by the Secretary of the Treasury—in consultation with the Secretary of Homeland Security, and the Attorney General of the United States—to be an act of terrorism; to be a violent act or an act that is dangerous to human life, property, or infrastructure; to have resulted in damage within the United States, or outside the United States in the case of certain air carriers or vessels or the premises of a United States mission; and to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

YOU SHOULD KNOW THAT WHERE COVERAGE IS PROVIDED BY THIS POLICY FOR LOSSES RESULTING FROM CERTIFIED ACTS OF TERRORISM, SUCH LOSSES MAY BE PARTIALLY REIMBURSED BY THE UNITED STATES GOVERNMENT UNDER A FORMULA ESTABLISHED BY FEDERAL LAW. HOWEVER, YOUR POLICY MAY CONTAIN OTHER EXCLUSIONS WHICH MIGHT AFFECT YOUR COVERAGE, SUCH AS AN EXCLUSION FOR NUCLEAR EVENTS. UNDER THE FORMULA, THE UNITED STATES GOVERNMENT GENERALLY REIMBURSES 85% THROUGH 2015; 84% BEGINNING ON JANUARY 1, 2016; 83% BEGINNING ON JANUARY 1, 2017; 82% BEGINNING ON JANUARY 1, 2018; 81% BEGINNING ON JANUARY 1, 2019 and 80% BEGINNING ON JANUARY 1, 2020, OF COVERED TERRORISM LOSSES EXCEEDING THE STATUTORILY ESTABLISHED DEDUCTIBLE PAID BY THE INSURANCE COMPANY PROVIDING THE COVERAGE. THE PREMIUM CHARGED FOR THIS COVERAGE IS PROVIDED BELOW AND DOES NOT INCLUDE ANY CHARGES FOR THE PORTION OF LOSS THAT MAY BE COVERED BY THE FEDERAL GOVERNMENT UNDER THE ACT.

YOU SHOULD ALSO KNOW THAT THE TERRORISM RISK INSURANCE ACT, AS AMENDED, CONTAINS A \$100 BILLION CAP THAT LIMITS U.S. GOVERNMENT REIMBURSEMENT AS WELL AS INSURERS’ LIABILITY FOR LOSSES RESULTING FROM CERTIFIED ACTS OF TERRORISM WHEN THE AMOUNT OF SUCH LOSSES IN ANY ONE CALENDAR YEAR EXCEEDS \$100 BILLION. IF THE AGGREGATE INSURED LOSSES FOR ALL INSURERS EXCEED \$100 BILLION, YOUR COVERAGE MAY BE REDUCED.

Acceptance or Rejection of Terrorism Insurance Coverage

- I hereby elect to purchase terrorism coverage for a prospective premium of \$_____.
- I hereby decline to purchase terrorism coverage for certified acts of terrorism. I understand that I will have no coverage for losses resulting from certified acts of terrorism.

- 1. The insurance policy that you are applying to purchase is being issued by an insurer that is not licensed by the State of California. These companies are called “nonadmitted” or “surplus line” insurers.**
- 2. The insurer is not subject to the financial solvency regulation and enforcement that apply to California licensed insurers.**
- 3. The insurer does not participate in any of the insurance guarantee funds created by California law. Therefore, these funds will not pay your claims or protect your assets if the insurer becomes insolvent and is unable to make payments as promised.**
- 4. The insurer should be licensed either as a foreign insurer in another state in the United States or as a non-United States (alien) insurer. You should ask questions of your insurance agent, broker, or “surplus line” broker or contact the California Department of Insurance at the toll-free number 1-800-927-4357 or internet website www.insurance.ca.gov. Ask whether or not the insurer is licensed as a foreign or non-United States (alien) insurer and for additional information about the insurer. The NAIC—the National Association of Insurance Commissioners—is the regulatory support organization created and governed by the chief insurance regulators in the United States.**
- 5. Foreign insurers should be licensed by a state in the United States and you may contact that state’s department of insurance to obtain more information about that insurer. You can find a link to each state from this NAIC internet website: https://naic.org/state_web_map.htm.**

6. For non-United States (alien) insurers, the insurer should be licensed by a country outside of the United States and should be on the NAIC’s International Insurers Department (IID) listing of approved nonadmitted non-United States insurers. Ask your agent, broker, or “surplus line” broker to obtain more information about that insurer.

7. California maintains a “List of Approved Surplus Line Insurers (LASLI).” Ask your agent or broker if the insurer is on that list, or view that list at the internet website of the California Department of Insurance: www.insurance.ca.gov/01-consumers/120-company/07-lasli/lasli.cfm.

8. If you, as the applicant, required that the insurance policy you have purchased be effective immediately, either because existing coverage was going to lapse within two business days or because you were required to have coverage within two business days, and you did not receive this disclosure form and a request for your signature until after coverage became effective, you have the right to cancel this policy within five days of receiving this disclosure. If you cancel coverage, the premium will be prorated and any broker’s fee charged for this insurance will be returned to you.

DATE: October 20, 2020
TO: Board of Directors
FROM: General Manager, Michael Flood
Re: Finance Committee Meeting of October 16, 2020 at 1000 hours.

RECOMMENDATION:

It is recommended that the Board of Directors receive and file this report.

BACKGROUND AND OVERVIEW:

1. **Roll Call.**
Director Angelo Spandrio
Director Peter Kaiser
General Manager, Michael Flood
Assistant General Manager, Kelley Dyer
Executive Administrator, Rebekah Vieira
Chief Financial Officer, Janyne Brown
Engineering Manager, Julia Aranda
District Counsel, John Mathews
Appellant, John Johnson
2. **Public Comments.**
None
3. **Board/Management comments.**
None
4. **Appeal of John Johnson regarding health benefits.**
GM Flood reviewed this item with the Committee

Appellant Johnson made verbal comments regarding his appeal including his employment history, health coverage, Resolution 93-39, Medicare Part B, employee Union aspects, GM employee status, and his retirement from the District.

Director Kaiser asked questions about Johnson's employment contract, exiting benefits and made comments regarding Resolution 93-39.

DC Mathews reviewed several issues including a production of an employment contract by Johnson, GM Union membership, nexus between the financial health of the District and the District's promises, reasons for the Medicare Part B change, and dependent status.

Director Spandrio asked questions about health benefits received by Johnson and possible changes that have occurred.

EA Vieira made verbal comments regarding the Medicare Part B issue in relation to the District's insurance provider, ACWA JPIA.

The Committee asked that a letter be sent to the appellant regarding existing coverages and that the Appellant can provide the Committee with additional information in the future, if desired.

5. **Review of the Financial Statements for August 2020**

GM Flood made comments regarding the statements.

Director Spandrio made comments regarding additional modifications to the summary statement.

Director Kaiser asked a question about how grant revenues are reflected in the statements.

CFO Brown indicated that additional information could be provided regarding the lodging of grant funds in the statements.

6. **Review of the Consumption Report for August 2020.**

GM Flood made comments regarding the report.

Director Kaiser noted that resale gravity consumption is up and may be connected to development.

Director Spandrio commented that there are many contributing factors to changes in consumption.

7. **Review of year-end results of the 2020 Fiscal Year.**

GM Flood covered the contents of the memo with the Committee.

Director Spandrio asked about the sources for some of the numbers.

8. **Review and discussion of setting of reserve funds for the 2021 Fiscal Year.**

GM Flood introduced this item to the Committee.

Director Spandrio commented on the net reduction in reserves.

Director Kaiser made comment on the possible uses of the various reserve funds during the year.

The Committee asked that this item be forwarded to the Board for consideration and include a review of the uses of reserve funds during the 2020 fiscal year.

9. **Review of Casitas MWD System of Business Administration Ordinance 12-01**

GM Flood indicated that there was a revised version of the Ordinance that didn't make it into the agenda packet and that this would be brought back to a future Committee Meeting.

Director Spandrio asked that the pages be numbered and that 5(4) be changed to Chief Financial Officer.

Director Kaiser asked questions about applicability to the Lake Casitas Recreation Area and petty cash amounts.

10. **Review and discussion of revisions to the Casitas MWD Investment Policy**

GM Flood introduced this item to the Committee and that it still needed review by Casitas' attorney.

Director Kaiser indicated that certification of the Investment Advisor needs to be added.

11. **Review of invoice for Special Liability Insurance Program in the amount of \$74,142.30**

EA Vieira reviewed this item including timing of the payment with the Committee.

Director Spandrio made comments regarding terrorism coverage.

Director Kaiser indicated that terrorism coverage could vary including the deductible.

The Committee asked that this item be forwarded to the Board of Directors for consideration and that a discussion of terrorism coverage be included.

12. **Discuss establishing a budget of \$40,000 for Robles Facility Fish Screen Cleaning for Fiscal Year 20-21**

GM Flood made comments regarding the memo for this item.

Director Spandrio asked questions about the prototyping of the new screens including the approval process and schedule.

EM Aranda indicated that the new screens may take some time to gain approval from the regulators and thus the existing screens need to be prepared for the coming season.

The Committee asked that this item be forwarded to the Board for consideration.
